SUBJECT: application form revision

- I. A. 1. I agree that there should be some itemization of cost of the activity to vary the size of the grant.
2. I agree that this should be left off the application-receipt of an AALL award in the previous three years.
3. If Mary Johns had in mind active participation in conferences and workshops (being on a panel, giving a paper, coordinating or chairing one) I think it should stay in. If it pertains only to attending conferences and workshops, I think it should come out.
- B. 1. I agree that applicants be asked to write an article for the newsletter about their experiences.
2. I agree that candidates should only accept one award a year.

II. Stipend for library school student-I am sorry I did not respond to this question by the date you asked. I agree that it would be good to have such an award but I don't feel this committee should attempt to set it up and award it this year. Perhaps we could include it in the changes we make to the manual after the awarding of the grants for this year.

I will be sending you my thoughts on the scoring grid revision and editing of the procedure manual in the next few weeks.
